MICRO-COAX®
Leading the way in transmission line solutions.

PRESS RELEASE
FOR IMMEDIATE RELEASE

Micro-Coax Announces Compliance to REACH Directives Candidate List Dated 18 June 2010

Pottstown, PA - June 18, 2010: Micro-Coax has determined that, to the best of our knowledge, there are no listed REACH (Registration, Evaluation, Authorisation and Restriction of Chemical) Substances of Very High Concern (SVHC) intentionally added to our products.

REACH Compliant

Micro-Coax has also determined, through review of suppliers' Material Safety Data Sheets (MSDS), that to the best of our knowledge our suppliers' products do not contain intentionally added listed REACH SVHC.

Our products are designed to be compliant to the REACH directive.

For more information, please contact the Micro-Coax Environmental Health and Safety Office at 610-495-4240.

About Micro-Coax:
Micro-Coax is a leading provider of transmission line solutions for radio frequency (RF) and microwave applications. Serving the defense, satellite, telecommunications, test and measurement markets for more than forty years, Micro-Coax has earned a reputation for mission performance and excellent customer service. A broad technology base allows Micro-Coax to quickly respond to customer needs with optimized solutions of coaxial cables, connectors, harness assemblies and conductive fibers.
